Tokyo, Japan, August 8, 2017 — Otsuka Foods Co., Ltd. (Head Office: Chuo Ward, Osaka; President: Sadanobu Tobe) announced today that it will start selling “Bon Curry Gold—Mori no Demi Curry” across Japan on August 28, 2017. The new offering is the first demi glace-based curry to be offered in the Bon Curry Gold line of retort curries.

Bon Curry Gold—Mori no Demi Curry is a forest-inspired curry accented by the texture of fragrant roasted walnuts. The curry uses a rich demi glace-based sauce flavored with red wine and combined with a *duxelles* sauce made by sauteing minced onions and mushrooms in butter until reduced to a paste. The flavor is subtly accented with fragrant truffle oil, almond paste, and hazelnut paste, to produce a curry that appeals to mature tastes.

As a pioneer of retort food products, Otsuka Foods is determined to continue creating and offering next-generation retort foods.
